The Collector has no objection to pass Packages, which are intended for private use, and not for Sale, unopened—provided that at the time they are applied for, satisfactory proof of their contents in the shape of Invoices, Bills, or Letters of Advice are produced. In the absence of these documents, owners should depute a person to be present at the opening of their Packages.

The Collector has nothing to do with the landing of Packages from Ships, nor with forwarding them to their owners or destinations.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France, as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

On the contrary, the Vice President in Council has declared his readiness to enquire into every case in which other Establishments may be employed to the prejudice of the interests of the Orphan School, whenever such may fall under his notice or be made the subject of representation.

BENGAL CIVIL FUND.

ARTICLE IV.

Clause 2.—The sum by which the annual income of the Fund is less than its annual expenditure shall be ascertained and declared by the Managers as on the 1st of January 1838, and the deficit so declared shall be made up by assessing all Subscribers to the Fund rateably according to allowances. The rate per centum on allowances of extraordinary contribution so to be assessed shall be declared by the Managers at the same time that the deficit is declared, and shall remain unaltered for three years from the said date.

Clause 3.—At the end of every three years from the 1st of January 1838, the Managers shall, in like manner, ascertain and declare the deficit as it may exist at each triennial period, and shall, in like manner, ascertain and declare the rate of extraordinary assessment to be paid in the same manner during the next three years by all Subscribers, for the purpose of meeting that deficit.

Clause 4.—(or part 3 of Rule 4 as in Pamphlet). The funds shall be considered to be deficient, when the annual Subscriptions, added to the donation of the Court, and the Interest of the accumulated Capital shall not yield sufficient to provide for the annual charges, and a surplus of not less than twenty-five thousand Rupees.

—and whereas the Managers did in 1838, according to the said Rules declare the requisite cess for the extraordinary subscription then found necessary, viz. 3 per cent., which was levied accordingly from 1st January 1838 to 31st December 1840:—And whereas by the triennial adjustment made as required on the 1st January, ultimo, it appears that the annual income of the Fund will not be sufficient to provide for the annual charges, and the surplus of Rs. 25,000—the former being calculated as Rs. 2,46,016, and the latter at Rs. 2,76,400—whereby is shown, including the surplus, a deficiency of Rs. 55,384, to meet which sum a cess on the allowances of Subscribers is requisite of about 3-4th or 12 annas per cent., which it is rendered imperative on the Managers under the existing Rules of the Fund to declare and cause to be assessed:—

The Managers accordingly hereby give notice, that the extraordinary Subscriptions to be assessed on the allowances of all Subscribers for the next three years from the 1st of January 1841, is at the rate of 3-4th or 12 annas per cent. on the monthly allowances of every Subscriber.

FORT WILLIAM,

LEGISLATIVE DEPARTMENT,

THE 15TH FEBRUARY, 1841.

The following Draft of a proposed Act was read in Council for the first time on the 15th February, 1841: ACT No. — of 1841.

For amending the Law with respect to rates for Municipal purposes within the Town of Madras.

I. Whereas it is expedient to specify the particular purposes to which rates assessed on houses, buildings and grounds in Madras shall be applied; and to abolish the practice which has hitherto prevailed, of levying five per cent. on the annual value of all houses, buildings and grounds, without reference to the amount necessary for accomplishing the

purposes of the rates; such per centage being inadequate for the purposes to which the rates have hitherto been deemed applicable. And whereas it is expedient to make the per centage leviable by quarterly rates on the annual value of property to depend entirely on the expenditure necessary for accomplishing, in an efficient manner, the purposes to which the rates shall henceforth be applicable, and providing for all incidental expenses and casual deficiencies or defaults. And whereas it is expedient to subject the collection and administration of the funds raised for Municipal purposes in the various districts of the Town to the management of the rate-payers themselves within such districts respectively, whenever they are desirous of undertaking the same, and are willing to enter into proper arrangements for the purpose. And whereas it is expedient to modify the provisions of the Statute 33, Geo. 3, Cap. 52, in regard to assessments for the Town of Madras in order for the better collection of the same, reserving all the authority of such Statute in matters not inconsistent with this Act;

It is hereby enacted, that the assessments which by the Statute 33, Geo. 3, Chap. 52 are authorized to be made for the Town of Madras, shall be applicable to the following purposes only, viz lighting, and watering the roads and streets, and cleansing and repairing the same and the drains of the said Town.

II. And it is hereby enacted, that the assessments and rates made under the authority of the said Statute shall be sufficient for accomplishing, in an efficient manner, the purposes mentioned in the last Section, for discharging all incidental expenses, and for making up deficiencies and defaults of every kind whatsoever. Provided always, that no rate shall be made exceeding the amount of five per cent on the assessed value of property without the sanction of the Governor in Council of Fort Saint George in Madras.

III. And it is hereby enacted, for the encouragement of the control and supervision of the assessment and collection of the rates and the management thereof within particular divisions being undertaken by the rate-payers themselves, the Justices at their Quarter Sessions shall publish quarterly the particulars of all sums laid out, and of all the expenses of collection and deficiencies during the preceding quarter within the following divisions of the Town, or such other divisions as the Governor in Council of Fort Saint George in Madras may from time to time direct, so long as the assessment, collection or management of the rates for such divisions shall remain under their jurisdiction, viz. (the divisions to be specified.)

IV. And it is hereby enacted, whenever two-thirds in number and value of the rate payers of any of such respective divisions shall apply to the Governor in Council of Fort St. George in Madras, to undertake themselves the assessment, collection and management of the rates of such division, or any or either of these trusts, it shall be lawful for the Governor of Fort St. George in Madras to authorise the same accordingly, at his discretion; provided always that such majority of rate payers shall present a scheme which shall obtain his full approbation for the safe and efficient execution of the trusts, the transfer of which from the present authorities is sought for. Provided always that in any such arrangement, the amount to be levied in any particular division shall not be considered as necessarily limited by the amount expended within such division, but shall be adjusted by the Governor in Council of Fort St. George in Madras upon reference to all local circumstances.

V. And it is hereby enacted, that for the better assessment and collection of rates under this Act, it shall be lawful for the Governor in Council of Fort St. George in Madras, to appoint such Assessor or Assessors, Collector or Collectors, and to make such union of the offices of Assessor and Collector, and to prescribe such rules and take such securities for the due execution of this Act by the person or persons employed in assessments and collections and in the management of the rates collected as he shall deem expedient.

VI. And it is hereby enacted, that it shall not be necessary in any assessment rate or warrant of distress under this Act to specify the names of the owners or occupiers of houses, buildings and grounds; but it shall be sufficient if every property rated be identified, and in the case of houses numbered in any street, that the name of the street and number of the house rated be particularly specified.

VII. And it is hereby enacted, that the Goods and Chatties of the owner of any property rated shall be seizable any where (except where property is concealed as hereinafter mentioned) for deficiency in the payment of rates. And that all property which shall be found upon any premises rated, shall be seizable for any arrears which may be due for a period of one year immediately preceding such seizure. And in the case of the seizure of the property of a tenant under such circumstances, he may deduct the amount of the levy from the next payment of his rent.

VIII. And it is hereby enacted, that where there is ground to suspect that property liable to distress under this Act is concealed in any zenana, the Officer charged with the execution of the warrant shall make a special report to the Justice granting the same, who shall thereupon follow, as closely as is practicable, the rules for the seizure of property in like cases adopted by Her Majesty's Supreme Court.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,

DATED THE 22D FEBRUARY, 1841.

The following Draft of a proposed Act was read in Council for the first time on the 22d February, 1841.

ACT No. — OF 1841.

An Act for a more uniform and an improved process for taking the examination of absent witnesses.

I. It is hereby enacted, that all Regulations and parts of Regulations for taking the examinations of absent witnesses in any Presidency are hereby repealed.

II. And it is hereby enacted, that it shall be lawful for any Court within the Territories under the Government of the East India Company and the several Judges thereof, in every suit depending in such Court, upon the application of any of the parties to such suit to order the examination upon interrogatories or otherwise before any officer of any such Court or other person or persons named in such order of any witnesses within the jurisdiction of the Court where the suit shall be depending, or to order a Commission to issue for the examination of witnesses at any place or places out of such jurisdiction upon interrogatories or otherwise and by the same or any subsequent order or orders to give all such directions touching time, place and manner of such examination as well within the jurisdiction of the Court wherein the suit shall be depending as without, and all other matters and circumstances connected with such examinations as may appear reasonable and just.

III. And it is hereby enacted, that when any order shall be made for the examination of witnesses within the jurisdiction of the Court wherein the suit shall be depending, by the authority of this Act, it shall be lawful for the Court or any Judge thereof in and by the first order to be made in the matter, or any subsequent order, to command the attendance of any person to be named in such order, and to direct the attendance of any such person to be at his own place of residence or elsewhere, if necessary or convenient so to do, and to produce all necessary documents and papers, and the wilful disobedience to any such order shall be deemed a contempt of Court. Provided always that every person whose attendance shall be so required shall be entitled to the like payment for expenses and loss of time as upon attendance at a trial.

IV. And it is hereby enacted, that it shall be lawful for all and every person authorized to take the examination of witnesses by any order or Commission issued in pursuance of this Act, and he and they are hereby authorized and required to take all such examinations upon oath or affirmation where an affirmation is admissible or required upon a trial, and if upon such oath or affirmation any person making the same shall wilfully and corruptly give any false evidence, every person so offending shall be deemed and taken to be guilty of perjury.

V. And it is hereby enacted, that no examination or deposition to be taken by virtue of this Act shall be read in evidence at any trial without the consent of the party against whom the same may be offered, unless it shall appear to the satisfaction of the Court that the examinant or deponent is beyond the jurisdiction of the Court, or dead, or unable from permanent sickness or other permanent infirmity to attend the trial, or distant without collusion more than 50 coss from the place of trial, or is exempted by any Law or Regulation from personal appearance in Court, in all or any of which cases the examinations and depositions duly certified may at the discretion of the Court, without proof of the signature to such certificate, be received and read in evidence.

VI. And it is hereby enacted, that any Court other than one of Her Majesty's Courts, or any Judge thereof, may issue Commission as aforesaid and such orders as are indicated in the second Section of this Act to be executed within the local limits of the jurisdiction of any of Her Majesty's Courts, and every such Commission required to be so executed and all orders made touching the same shall before being executed, be submitted to a Judge of that Court of Her Majesty within the local limits of which it is intended that the Commission shall be executed, and it shall be lawful for such Judge of Her Majesty's Court to subscribe, at his discretion, any such Commission or order—after which the wilful disobedience to any such Commission or order shall be deemed a contempt of Her Majesty's Court.

VII. And it is hereby enacted, that such Commissions and orders as aforesaid may be issued for execution under this Act within the Territories of Princes and states in alliance with the East India Company—and all persons within such last mentioned Territories being in the service of the East India Company are hereby required to pay obedience thereto, and for disobedience thereof shall, on being found within the jurisdiction of the Court or Judge issuing any such Commission or order, be punishable in like manner as if such offence had been committed within such jurisdiction; and for giving false testimony under the same shall be punishable by any Court of Justice within the Territories of the East India Company.

VIII. And it is hereby enacted, that whenever the evidence of any absent witness shall be required for the purposes of any of the Honorable Company's Courts, the Commission for examining such witness may be directed to any Judge of any other of such Courts, who may be required to take such examination in open Court or otherwise. And in every such case the Judge to whom any such Commission shall be directed shall be authorized to punish as for a contempt of Court the neglect or refusal of any witness to obey the order for the examination required by such Commission.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 22d day of May next.

GENERAL ORDERS.

FORT WILLIAM,
SECRET DEPARTMENT,
THE 24TH FEBRUARY, 1841.

The Right Honorable the Governor General of India having received an official communication of the destruction on the 7th of January, of Chuenpee and Ty-cock-tow, in an attack made upon those Fortifications by the Sea and Land Forces under the personal Command of His Excellency Commodore Sir J. J. G. Bremer, C. B. and K. C. H., Naval Commander in Chief on the Coast of China, is pleased to order the publication of the following official account of the action.

By order of the Right Honorable the Governor General of India,

T. H. MADDOCK,

Secretary to the Government of India.

At 8 o'clock this morning the Royal Marines of the Squadron, the Detachments of the 26th and 49th Regiments, and the 37th Madras Native Infantry, and Bengal Volunteers, were landed, accompanied by the Detachment of Royal Artillery, with one 24-pr. Howitzer and two 6-pr. Field Guns, together with a division of Seamen belonging to the "Wellesley," "Blenheim" and "Melville," in all about 1400 men, the Land Forces under the command of Major Pratt of the 26th Camerons, copy of whose report will explain the details of Military operations which were admirably executed.

The "Queen" and "Nemesis" Steamers were placed in position for throwing shells into the upper Fort by Commander Belcher of the "Sulphur", and soon made an impression; a division of Ships, consisting of "Calliope," "Hyacinth" and "Larne" under Captain Herbert, attacked the lower Fort on the sea face, and in less than an hour silenced the guns, although a number of troops remained within the walls; by 10 o'clock the Troops had advanced, and carried the entrenchments with their field batteries; Major Pratt himself and two or three Marines were in possession of the upper Fort, and the British Colors hoisted;—the lower Fort was speedily surrounded, and stormed by the entrance, as well as the wall, by a party of Royal Marines, and the Union Jack displayed in the ramparts.

The management of Ty-cock-tow was entrusted to Captain Scott, of H. M. S. "Samarang," accompanied by the "Druid," "Modeste" and "Columbine," and in one hour it was silenced, but the

Chinese remained in it until it was stormed by the boats, in which operation Lieutenant Bowers, Senior, of the "Samarang," was severely wounded, the guns in all the Forts have been destroyed, the Magazines blown up, and the barracks and houses burnt; eleven large War Junks were anchored in the shoal water to the Eastward of the position, the "Nemesis," under Commander Belcher, accompanied by Lieut. Killett of the "Starling," attacked them in admirable style, assisted by the boats of the "Calliope" under Lieut. Watson, Senior, of that ship, they were all set on fire and blown up; one with all her crew on board, a rocket having gone into her Magazine; this ended the operations of the day.

His Excellency the Naval Commander in Chief expresses his high admiration of the gallantry and zeal which animated every Officer and man in the force, returns his thanks to Captains Sir Le Fleming Stanhouse, of the "Blenheim," and the Hon'ble R. Dundas, of the "Melville," and Captain Maitland, of the "Wellesley." Captains Herbert and Scott carried their Divisions into action with their accustomed gallantry, and they were ably seconded by Captains Smith and Blake, and Commanders Warren, Eyres and Clarke, under their immediate orders. The Commanders Pritchard, Paget, and Fletcher of the "Blenheim," "Melville," and "Wellesley," the Commanders of the Steam Vessels, and every Officer and man employed deserve the highest praise for their zealous exertions on every point. Major Pratt, of the 26th, conducted the operations on shore in the most able and gallant manner: he speaks in the highest terms of the conduct of every Officer and man employed.

This service has been performed with trifling loss on the part of H. M.'s Forces, although it is but justice to the Chinese to say that they defended themselves, especially in the batteries, with the greatest credit and devotion; they have suffered severely, their loss, including that on board the War Junks, cannot be estimated at less than from five to six hundred, out of a force calculated at 2,000 men; the slaughter in the lower Fort, when carried by storm, was considerable.

H. M. S. *Wellesley*, Chuenpee, 8th January, 1841.
To His Excellency

SIR J. J. GORDON BREMER, C. B. & C. H.,

Commodore of the 1st Class.

Commander-in-Chief, &c. &c. &c.

SIR,—I have the honor to report to you that the Troops under my Command, consisting of a Detachment of Royal Artillery, having one 24-

pounder Howitzer and two 6-pounder Field Guns, aided by a party of Seamen from H. M. Ships "Wellesley," "Blenheim" and "Melville," Detachments of the 26th and 49th Regiments, a Battalion of Royal Marines, the 37th Madras Native Infantry, and a Detachment of Bengal Volunteers, in all 1400 men, landed yesterday at 9 o'clock, 2 miles below Chuenpee Point, for the purpose of capturing the several Forts and Batteries on Chuenpee.

The Troops landed without opposition, and having formed them, I sent forward an advance of two Companies of Royal Marines under Captain Ellis; the guns were then moved on, supported by the Detachment of the 26th and 49th Regiments, followed in column by the Marine Battalion, the 37th Native Infantry, and the Bengal Volunteers.

After advancing a mile and half, on reaching the ridge of a Hill, we came in sight of the Upper Fort, and of a very strong entrenchment, having a deep ditch outside and a breast-work round it, which was prolonged upwards, connecting it with the Upper Fort, it was also flanked by field batteries, having deep trenches in rear of the guns for the purpose of shelter; the whole was strongly lined with Chinese soldiers, who immediately on seeing us, cheered, waved their flags in defiance, and opened a fire from their batteries; our guns were promptly placed on the crest of the ridge and commenced firing—this was duly returned by the Chinese for about twenty minutes, and indeed in this, as well as our other encounters with them, it is but justice to say they behaved with courage; during this time the advance crossed the shoulder of the Hill to the right, driving before them the Chinese who had lined it in considerable numbers, then descending into the valley, took possession of a field battery placed there; I had previously ordered two Companies of the 37th N. I. under Captains Bedingfield and Wardroper to scour round a Hill to the right of the advance where they encountered the Chinese in some force and drove them away with much loss. Captain Duff, commanding the Corps, speaks highly of the conduct of these Companies, which he had supported by another under Lieutenant Hadfield.

Seeing that the fire from our guns was causing the Chinese to fly from the entrenchment and batteries, I moved the column down the slope, causing the two leading Companies of Marines under Captain Whitecomb to clear the wooded Hill in front, I took a subdivision of them, got into the entrenchment, and proceeded up inside the breast-work to the upper Fort, in which there was still a number of men—these were speedily dislodged by the two Marines who first reached it; the Fort was entered and the British Ensign hoisted by a Royal Marine.

The lower Fort which had 16 guns facing the sea and was surrounded by a high wall, and a small battery between, was, from this, completely exposed, but the fire of these as well as of the upper Fort had been silenced by the Ships attacking on the sea face—they were still in considerable numbers in the lower part of the Fort and had locked the gate, a fire was therefore kept up from the Hill and the advance coming round the lower side to the gate, forced it by musketry,—on entering they met with considerable resistance, which was speedily subdued, some men then entering an embrasure on the flank the Fort was taken and our flag hoisted.

The whole of the Forts and Batteries being now in our possession, we proceeded to render the

guns unserviceable and dismantle the Fort, setting their encampments on fire, and on re-embarking the Magazine in the lower Fort was blown up.

I am happy to say that the loss on our side has been small, and would have been less but for the explosion of an Expence Magazine in the Fort after the capture. The Chinese however suffered severely; between three and four hundred were killed and wounded, including amongst the killed 'the Heptai,' an Officer with rank equivalent to our Brigadier General; about 100 prisoners were taken, who were released at the close of the day.

I have great pleasure in stating to your Excellency the admirable manner in which the whole Force behaved, and I beg to recommend to your notice Major Johnson, 26th Regiment, Commanding Detachment of the 26th and 49th Regiments. I must particularly mention Captain Ellis, Commanding the Marine Battalion, an old and previously distinguished Officer, who conducted the advance during the whole day with the greatest gallantry and judgment, and he speaks in the highest terms of the men forming the advance. Captain Knowles, R. A., who placed his guns admirably and dismantled the Forts after their capture; Captain Duff, Commanding the 37th N. I., and Captain Bolton, Commanding the Detachment of Bengal Volunteers. From Lieut. Stransham, Adjutant of the Royal Marines, who acted as Brigade Major, I received most valuable assistance during the day and gladly availed myself of the services of your Military Secretary, Lieut. Stewart Mackenzie, 90th Regiment, who volunteered to act on my Staff, and took charge of a party of Skirmishers of the advance the better part of the day.

Lieut. Wilson, H. M. S. "Blenheim," commanded the Seamen, and the guns were dragged forward in good style, and the disembarkation and re-embarkation of the Troops was ably managed by Lieut. Symons, H. M. S. "Wellesley."

I enclose the list of Guns captured and destroyed, and also the return of Casualties.

I have, &c.

(Signed) J. L. PRATT,

Major, 26th Cameronians,

TO COMMODORE

SIR J. J. G. BREMER, C. B. K. C. H.
Commander in Chief, &c. &c. &c.

SIR,—In obedience to your instruction of yes-
terday I proceeded with the ships placed under
orders off Ty-cock-tow. The Fort commenced
its fire upon us at twenty minutes past ten o'clock

which I did not reply to until I took up my an-
chorage ten minutes after abreast of it, about two
hundred yards distance, which was as near as the
depth of water would permit of our approach. The
"Modeste," "Druid" and "Columbine" anchored
in succession, and in a few minutes so destructive
and well directed was the fire of the ships, that that
of the enemy's was silenced, with the exception of
an occasional gun or two,—at 11-20 A.M. observing
that we had effected a practicable breach in the
Southern end of the Fort, I directed the boats
manned and armed to proceed to storm it,—Lieute-
nant Bowers (first of this ship) immediately landed,
supported by the boats of the "Modeste;" those
of the "Druid" and "Columbine" under the com-
mand of Lieutenant Goldsmith (first of that ship)
proceeded to the North end.

An attempt at resistance was made by the
enemy at the breach against Lieutenant Bowers
and his party, but was instantly overcome by the
gallant and determined rush onwards of our men
which so appalled the Garrison that they instantly
made a hasty retreat over the Hill Wall, leaving
us masters of the Fort.

The guns, amounting to twenty-five longs, of
different calibre, were then spiked, the trunnions
knocked off, a shot wrapped round with wet can-
vas driven hard home in each, and they were then
thrown into the sea, their carriages burnt as well
as the whole of the buildings, and Magazines
blown up, previous to which latter operation all
the wounded of the enemy were carried away
clear of the Fort, their loss, judging from the num-
ber of killed laying in every direction, must have
been most severe.

My best thanks are due to Captain Smith and
Commanders Eyres and Clarke, for the efficient
and able support they have afforded me. It is
impossible to say too much in favor of all those
under my Command, their conduct merits my
warmest approbation. Of Lieutenant Bowers
(first of this Ship) I cannot speak too highly. In the
attack of the breach he received a severe sabre
wound across the knee, which I fear will deprive
me for some time of his services; I beg leave to
recommend him most strongly to your favorable
consideration, as well as Mr. Luard, Mate, who
behaved most gallantly in the breach—the zea-
lous conduct of this promising young Officer has
repeatedly drawn forth my commendations.

Our damages are very trifling, being merely
some of the standing rigging cut away and a shot
through our Hull, the fire of the enemy passing
all over us.

Enclosed I beg leave to return a list of Wound-
ed on board the "Samarang."

I have, &c.

(Signed) JAMES SCOTT, Captain.

ACT No. — OF 1841.

An Act for a more uniform and an improved process for taking the examination of absent witnesses.

I. It is hereby enacted, that all Regulations and parts of Regulations for taking the examinations of absent witnesses in any Presidency are hereby repealed.

II. And it is hereby enacted, that it shall be lawful for any Court within the Territories under the Government of the East India Company and the several Judges thereof, in every suit depending in such Court, upon the application of any of the parties to such suit to order the examination upon interrogatories or otherwise before any officer of any such Court or other person or persons named in such order of any witnesses within the jurisdiction of the Court

where the suit shall be depending, or to order a Commission to issue for the examination of witnesses at any place or places out of such jurisdiction upon interrogatories or otherwise and by the same or any subsequent order or orders to give all such directions touching time, place and manner of such examination as well within the jurisdiction of the Court wherein the suit shall be depending as without, and all other matters and circumstances connected with such examinations as may appear reasonable and just.

III. And it is hereby enacted, that when any order shall be made for the examination of witnesses within the jurisdiction of the Court wherein the suit shall be depending, by the authority of this Act, it shall be lawful for the Court or any Judge thereof in and by the first order to be made in the matter, or any subsequent order, to command the attendance of any person to be named in such order, and to direct the attendance of any such person to be at his own place of residence or elsewhere, if necessary or convenient so to do, and to produce all necessary documents and papers, and the wilful disobedience to any such order shall be deemed a contempt of Court. Provided always that every person whose attendance shall be so required shall be entitled to the like payment for expenses and loss of time as upon attendance at a trial.

IV. And it is hereby enacted, that it shall be lawful for all and every person authorized to take the examination of witnesses by any order or Commission issued in pursuance of this Act, and he and they are hereby authorized and required to take all such examinations upon oath or affirmation where an affirmation is admissible or required upon a trial, and if upon such oath or affirmation any person making the same shall wilfully and corruptly give any false evidence, every person so offending shall be deemed and taken to be guilty of perjury.

V. And it is hereby enacted, that no examination or deposition to be taken by virtue of this Act shall be read in evidence at any trial without the consent of the party against whom the same may be offered, unless it shall appear to the satisfaction of the Court that the examinant or deponent is beyond the jurisdiction of the Court, or dead, or unable from permanent sickness or other permanent infirmity to attend the trial, or distant without collusion more than 50 coss from the place of trial, or is exempted by any Law or Regulation from personal appearance in Court, in all or any of which cases the examinations and depositions duly certified may at the discretion of the Court, without proof of the signature to such certificate, be received and read in evidence.

VI. And it is hereby enacted, that any Court other than one of Her Majesty's Courts, or any Judge thereof, may issue Commission as aforesaid and such orders as are indicated in the second Section of this Act to be executed within the local limits of the jurisdiction of any of Her Majesty's Courts, and every such Commission required to be so executed and all orders made touching the same shall before being executed, be submitted to a Judge of that Court of Her Majesty within the local limits of which it is intended that the Commission shall be executed, and it shall be lawful for such Judge of Her Majesty's Court to subscribe, at his discretion, any such Commission or order—after which the wilful disobedience to any such Commission or order shall be deemed a contempt of Her Majesty's Court.

VII. And it is hereby enacted, that such Commissions and orders as aforesaid may be issued for execution under this Act within the Territories of Princes and states in alliance with the East India Company—and all persons within such last mentioned Territories being in the service of the East India Company are hereby required to pay obedience thereto, and for disobedience thereof shall, on being found within the jurisdiction of the Court or Judge issuing any such Commission or order, be punishable in like manner as if such offence had been committed within such jurisdiction; and for giving false testimony under the same shall be punishable by any Court of Justice within the Territories of the East India Company.

VIII. And it is hereby enacted, that whenever the evidence of any absent witness shall be required for the purposes of any of the Honorable Company's Courts, the Commission for examining such witness may be directed to any Judge of any other of such Courts, who may be required to take such examination in open Court or otherwise. And in every such case the Judge to whom any such Commission shall

be directed shall be authorized to punish as for a contempt of Court the neglect or refusal of any witness to obey the order for the examination required by such Commission.

LEGISLATIVE DEPARTMENT,

DATED THE 22D FEBRUARY, 1841.

The following Draft of a proposed Act was read in Council for the first time on the 22d February, 1841.

ACT No. — OF 1841.

An Act for a more uniform and an improved process for taking the examination of absent witnesses.

I. It is hereby enacted, that all Regulations and parts of Regulations for taking the examinations of absent witnesses in any Presidency are hereby repealed.

II. And it is hereby enacted, that it shall be lawful for any Court within the Territories under the Government of the East India Company and the several Judges thereof, in every suit depending in such Court, upon the application of any of the parties to such suit to order the examination upon interrogatories or otherwise before any officer of any such Court or other person or persons named in such order of any witnesses within the jurisdiction of the Court where the suit shall be depending, or to order a Commission to issue for the examination of witnesses at any place or places out of such jurisdiction upon interrogatories or otherwise and by the same or any subsequent order or orders to give all such directions touching time, place and manner of such examination as well within the jurisdiction of the Court wherein the suit shall be depending as without, and all other matters and circumstances connected with such examinations as may appear reasonable and just.

III. And it is hereby enacted, that when any order shall be made for the examination of witnesses within the jurisdiction of the Court wherein the suit shall be depending, by the authority of this Act, it shall be lawful for the Court or any Judge thereof in and by the first order to be made in the matter, or any subsequent order, to command the attendance of any person to be named in such order, and to direct the attendance of any such person to be at his own place of residence or elsewhere, if necessary or convenient so to do, and to produce all necessary documents and papers, and the wilful disobedience to any such order shall be deemed a contempt of Court. Provided always that every person whose attendance shall be so required shall be entitled to the like payment for expenses and loss of time as upon attendance at a trial.

IV. And it is hereby enacted, that it shall be lawful for all and every person authorized to take the examination of witnesses by any order or Commission issued in pursuance of this Act, and he and they are hereby authorized and required to take all such examinations upon oath or affirmation where an affirmation is admissible or required upon a trial, and if upon such oath or affirmation any person making the same shall wilfully and corruptly give any false evidence, every person so offending shall be deemed and taken to be guilty of perjury.

V. And it is hereby enacted, that no examination or deposition to be taken by virtue of this Act shall be read in evidence at any trial without the consent of the party against whom the same may be offered, unless it shall appear to the satisfaction of the Court that the examinant or deponent is beyond the jurisdiction of the Court, or dead, or unable from permanent sickness or other permanent infirmity to attend the trial, or distant without collusion more than 50 coss from the place of trial, or is exempted by any Law or Regulation from personal appearance in Court, in all or any of which cases the examinations and depositions duly certified may at the discretion of the Court, without proof of the signature to such certificate, be received and read in evidence.

VI. And it is hereby enacted, that any Court other than one of Her Majesty's Courts, or any Judge thereof, may issue Commission as aforesaid and such orders as are indicated in the second Section of this Act to be executed within the local limits of the jurisdiction of any of Her Majesty's Courts, and every such Commission required to be so executed and all orders made touching the same shall before being executed, be submitted to a Judge of that Court of Her Majesty within the local limits of which it is intended that the Commission shall be executed, and it shall be lawful for such Judge of Her Majesty's Court to subscribe, at his discretion, any such Commission or order—after which the wilful disobedience to any such Commission or order shall be deemed a contempt of Her Majesty's Court.

VII. And it is hereby enacted, that such Commissions and orders as aforesaid may be issued for execution under this Act within the Territories of Princes and states in alliance with the East India Company—and all persons within such last mentioned Territories being in the service of the East India Company are hereby required to pay obedience thereto, and for disobedience thereof shall, on being found within the jurisdiction of the Court or Judge issuing any such Commission or order, be punishable in like manner as if such offence had been committed within such jurisdiction; and for giving false testimony under the same shall be punishable by any Court of Justice within the Territories of the East India Company.

VIII. And it is hereby enacted, that whenever the evidence of any absent witness shall be required for the purposes of any of the Honorable Company's Courts, the Commission for examining such witness may be directed to any Judge of any other of such Courts, who may be required to take such examination in open Court or otherwise. And in every such case the Judge to whom any such Commission shall be directed shall be authorized to punish as for a contempt of Court the neglect or refusal of any witness to obey the order for the examination required by such Commission.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 22d day of May next.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 1st MARCH, 1841.

The following Draft of a proposed Act was read in Council for the first time on the 1st of March, 1841.

ACT No. — OF 1841.

An Act for consolidating and amending the Regulations concerning Military Courts of Request for Native Officers and Soldiers in the Service of the East India Company

I. It is hereby enacted, that all Regulations and parts of Regulations concerning Military Courts of Request are repealed; provided always that nothing in this Act contained shall be held to alter or affect the jurisdiction of a single Officer duly authorized and appointed under the Rules in force in the Madras and Bombay Presidencies for the trial of small suits in Military Bazaars, at Cantonments and Stations occupied by the troops of those Presidencies respectively, or the trial by Panchayet of suits against Military persons according to the Rules in force under the Madras Presidency.

II. And it is hereby enacted, that within the territories of the East India Company actions of debt and other personal actions against Native Officers, Soldiers and other persons amenable to the Articles of War for the Native Forces in the Military Service of

the East India Company, shall be cognizable before a Military Court and not elsewhere, provided the value in question shall not exceed 200 Rupees, and the defendant was a person of the description above mentioned, when the cause of action arose, and when the suit was instituted.

III. And it is hereby enacted, that the Commanding Officer of any Station or Cantonment is authorized to convene such Military Courts. And such Courts shall be composed, according to the orders of the Commander in Chief, or of the Commanding Officer of the Forces of the Presidency within which the Station or Cantonment is situate, or, in the absence of such orders, according to the discretion of the Convening Officer, either of not less than three European Commissioned Officers, or of not less than three Native Commissioned Officers, with an European Officer to superintend and record the proceedings.

IV. And it is hereby enacted, that such Military Courts shall be convened monthly, and shall be holden on some convenient day before the issue of the pay for each month.

V. And it is hereby enacted, that the forms of proceeding in every such Court shall be conformable to the usages observed on trials before Courts Martial held for the Hon'ble Company's Native Troops as far as the same are applicable. And any such Court shall have the like power of summoning witnesses as is possessed by Courts Martial. Provided always that every such Court shall have the power of examining the parties to any suit and of requiring or dispensing with their attendance at its discretion. And that every such Court shall have like power of taking the examinations of absent witnesses as is possessed by the Honorable Company's Civil Courts.

VI. And it is hereby enacted, that witnesses omitting to attend, refusing to give evidence, or committing perjury shall be tried and punished, if amenable to the Articles of War, by a Court Martial, subject to all the Rules contained in the Articles of War for the punishment of such offences in regard to trials for Military offences; and if not amenable to the Articles of War, they shall be tried and punished in the nearest of the Honorable Company's Courts of Criminal Justice in like manner as if such offences had been committed in regard to any trial before such nearest Court.

VII. And it is hereby enacted, that any person, Civil or Military, using menacing words, signs, or gestures, or otherwise interrupting the proceedings of any Military Court of Request shall be punishable with imprisonment according to the summary judgment of such Court, during the time such Court is sitting—and every such offender shall be liable to be further punished by a Court Martial, or by the nearest Company's Court of Criminal jurisdiction, according as the offender is amenable or not to the Articles of War in like manner as if the offence had been committed in the presence of the Court to which it is so referred. Provided that if the Court to which the offence is referred shall be of opinion that the offender has been already sufficiently punished they shall discharge him forthwith.

VIII. And it is hereby enacted, that a record shall be kept of proceedings in every case tried before any Military Court of Request. And such record shall contain as well a particular account of the evidence given as of the nature of such evidence as may have been rejected on the ground of its not being legally admissible, or relevant, or on other grounds, and the same shall be signed by the Members of the said Court. And such record or a copy thereof shall, with as little delay as is practicable, after the conclusion of the proceedings, be transmitted by the European Superintending Officer of every such Court to the Officer Commanding the Station or Cantonment.

IX. And it is hereby enacted, that where a demand shall exceed the amount of 200 Rupees, or where several separate demands or securities shall exceed such amount, no more shall be recoverable than the sum of 200 Rupees only—and the judgment in respect of any demand in a Court of Requests shall be a bar to the recovery of any demand for the same cause of action in any other Court whatever, provided that the liability accrued before the time of instituting the suit in the Military Court—and it shall be competent for every such Military Court to investigate any counter-claim alleged by any defendant. And it shall be competent for every such Military Court to allow the interest for money agreed on between the parties, provided the same does not exceed the usage of the country. And every contract upon which a demand for debt exceeding 20

Rupees is founded, not being money due for goods bought and delivered, shall be in writing and expressed in the language of the defendant and signed by him or on his behalf by some other person than the plaintiff. Provided that it shall not be competent to any Court of Requests to admit any suit for a debt which has accrued upwards of six years.

X. And it is hereby enacted, that on failure of either of the parties to a suit to attend either personally or by representative, or to produce his witnesses according as he shall be required by any Military Court of Requests, such Court on being satisfied that the party has been duly apprized of what is required of him, may proceed to the termination of the suit in his absence. And if the decree in any such case shall be against the plaintiff, it shall not be competent for him to commence a new suit for the same cause of action.

XI. And it is hereby enacted, that it shall be lawful for the Commanding Officer to whom the proceedings have been transmitted as aforesaid to return the same for revision either by the same or another Military Court of Requests. And in every such case the second decree shall be final unless for error in points of law, when the same shall be transmitted to the Commander in Chief, who shall have power to annul the proceedings without prejudice to any future suit. Provided always that in the case of any new trial the Court may receive evidence which was not adduced at the first trial.

XII. And it is hereby enacted, that every plaintiff shall prefer his claim in writing and shall deliver the same to the Station Staff-Officer. The claims shall be entered in a Schedule by the Station Staff-Officer, which Schedule is to be sent to Adjutants of Corps or Heads of Departments two days before the assembly of the Court, and the Adjutants or Heads of Departments shall be responsible that the defendants belonging to their respective Corps or Establishments have been duly summoned.

XIII. And it is hereby enacted, that every decree of any Military Court of Requests shall be published in the Station Orders before the same is executed.

XIV. And it is hereby enacted, that the execution of decrees of Military Courts of Requests may be either general or special, according to the sentence of the Court. Provided always that the Commanding Officer may, notwithstanding the direction of the Court, order that the execution shall be general or special at his discretion.

XV. And it is hereby enacted, that in cases in which the execution is to be general, the debt if not paid forthwith, shall, under the authority of the Commanding Officer, in writing to be signed by him, be levied by seizure and public sale of such of the Debtor's Goods as may be found within the limits of the Station or Cantonment, and if sufficient Goods are not to be found the debtor, if not a Soldier, shall be arrested and imprisoned in any Civil Gaol near to the Station or Cantonment, or in any other convenient place of confinement situate within the limits of the Station or Cantonment, for the space of two months, unless the debt be sooner paid, and his Goods, if found within the limits of the Station or Cantonments at any subsequent time shall be liable to be seized and sold in satisfaction of the debt, and if the debtor be a Soldier and the debt be not liquidated by sale of his Effects, Accoutrements and Necessaries excepted, an order may be issued for payment of the residue by monthly deduction from the pay issued to the debtor under the Rules which follow.

XVI. And it is hereby enacted, that where the execution is to be special, the debt shall be satisfied out of the pay and allowances of the debtor and not otherwise. And a certificate of the decree and direction or order thereon certified under the hand of the Commanding Officer and signed by him shall be a sufficient authority for making such stoppages. Provided always that no more than one half of the pay and allowances of any Commissioned Officer or than one fourth of the pay and allowances of any non-Commissioned Officer or Soldier shall be stopped in any one month.

XVII. And it is hereby enacted, that in places beyond the Frontier of the Territories of the East India Company actions of debt and other personal actions may be brought before such Military Courts as aforesaid against persons so amenable as aforesaid for any amount of demand: Provided that such Military Courts beyond the Frontier shall be composed of European Officers—and provided, that if the sum recovered shall exceed 200 Rupees an appeal shall lie to the Court of Sudder Adawlut of the nearest Presi-

dency according to the rules in force with regard to appeals from subordinate Civil Courts.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 1st day of June next.

Calcutta, 18th February, 1841.

East India Army Agency

16, Cornhill, and 8, St. Martin's Place, Charing Cross.

MESSRS. GRINDLAY, CHRISTIAN, AND
MATTHEWS.

THE numerous communications which have been ad-
dressed to Captain Grindlay from all parts of India
conveying the most flattering approbation of the manner in
which his duties to his constituents have hitherto been
performed, and the most cordial assurances of support to
the new Firm, commenced in November, 1838, are felt by
him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honor-
able patronage long afforded to the Establishment under his
sole management, and now so kindly promised to the Firm
of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers,
that the efforts of himself and his partners will be unre-
mittingly directed to merit the continued confidence reposed
in them by the various branches of the Indian commu-
nity, both at home and abroad.

The high character attained by the Establishment under
his superintendence has been the result of many years'
perseverance.—Its pretensions were tested by experience,
and the value of the facilities which it afforded for the dis-
patch of business, tried and vouched for by a large propor-
tion of those whose engagements led them to India. It is
acknowledged with pride, that success followed exertion,
and the means have thus been obtained of increasing the
resources of the Establishment and greatly enlarging the
circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN
AND MATTHEWS have only to remind their Sub-
scribers and the Public at large, that they continue to
transact every description of business connected with India and
the Colonies.

Parties desiring to support this Agency are informed
that Subscriptions of 12 Rupees per annum will be
received by

Messrs. COLVIN, AINSLIE, COWIE and Co., Calcutta.

Messrs. BINNY and Co., Madras.

Messrs. LECKIE and Co., Bombay.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

**FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 1ST MARCH, 1841.**

The following Draft of a proposed Act was read in Council for the first time on the 1st of March, 1841.

Act No. — or 1841.

An Act for consolidating and amending the Regulations concerning Military Courts of Request for Native Officers and Soldiers in the Service of the East India Company.

I. It is hereby enacted, that all Regulations and parts of Regulations concerning Military Courts of Request are repealed; provided always that nothing in this Act contained shall be held to alter or affect the jurisdiction of a single Officer duly authorized and appointed under the Rules in force in the Madras and Bombay Presidencies for the trial of small suits in Military Bazaars, at Cantonments and Stations occupied by the troops of those Presidencies respectively, or the trial by Panchayat of suits against Military persons according to the Rules in force under the Madras Presidency.

II. And it is hereby enacted, that within the territories of the East India Company actions of debt and other personal actions against Native Officers, Soldiers and other persons amenable to the Articles of War for the Native Forces in the Military Service of the East India Company, shall be cognizable before a Military Court and not elsewhere, provided the value in question shall not exceed 200 Rupees, and the defendant was a person of the description above mentioned, when the cause of action arose, and when the suit was instituted.

III. And it is hereby enacted, that the Commanding Officer of any Station or Cantonment is authori-

ed to convene such Military Courts. And such Courts shall be composed, according to the orders of the Commander in Chief, or of the Commanding Officer of the Forces of the Presidency within which the Station or Cantonment is situate, or, in the absence of such orders, according to the discretion of the Convening Officer, either of not less than three European Commissioned Officers, or of not less than three Native Commissioned Officers, with an European Officer to superintend and record the proceedings.

IV. And it is hereby enacted, that such Military Courts shall be convened monthly, and shall be holden on some convenient day before the issue of the pay for each month.

V. And it is hereby enacted, that the forms of proceeding in every such Court shall be conformable to the usages observed on trials before Courts Martial held for the Hon'ble Company's Native Troops as far as the same are applicable. And any such Court shall have the like power of summoning witnesses as is possessed by Courts Martial. Provided always that every such Court shall have the power of examining the parties to any suit and of requiring or dispensing with their attendance at its discretion. And that every such Court shall have like power of taking the examinations of absent witnesses as is possessed by the Honorable Company's Civil Courts.

VI. And it is hereby enacted, that witnesses omitting to attend, refusing to give evidence, or committing perjury shall be tried and punished, if amenable to the Articles of War, by a Court Martial, subject to all the Rules contained in the Articles of War for the punishment of such offences in regard to trials for Military offences; and if not amenable to the Articles of War, they shall be tried and punished in the nearest of the Honorable Company's Courts of Criminal Justice in like manner as if such offences had been committed in regard to any trial before such nearest Court.

VII. And it is hereby enacted, that any person, Civil or Military, using menacing words, signs, or gestures, or otherwise interrupting the proceedings of any Military Court of Request shall be punishable with imprisonment according to the summary judgment of such Court, during the time such Court is sitting—and every such offender shall be liable to be further punished by a Court Martial, or by the nearest Company's Court of Criminal jurisdiction, according as the offender is amenable or not to the Articles of War in like manner as if the offence had been committed in the presence of the Court to which it is so referred. Provided that if the Court to which the offence is referred shall be of opinion that the offender has been already sufficiently punished they shall discharge him forthwith.

VIII. And it is hereby enacted, that a record shall be kept of proceedings in every case tried before any Military Court of Request. And such record shall contain as well a particular account of the evidence given as of the nature of such evidence as may have been rejected on the ground of its not being legally admissible, or relevant, or on other grounds, and the same shall be signed by the Members of the said Court. And such record or a copy thereof shall, with as little delay as is practicable, after the conclusion of the proceedings, be transmitted by the European Superintending Officer of every such Court to the Officer Commanding the Station or Cantonment.

IX. And it is hereby enacted, that where a demand shall exceed the amount of 200 Rupees, or where several separate demands or securities shall exceed such amount, no more shall be recoverable than the sum of 200 Rupees only—and the judgment in respect of any demand in a Court of Requests shall be a bar to the recovery of any demand for the same cause of action in any other Court whatever, provided that the liability accrued before the time of instituting the suit in the Military Court—and it shall be competent for every such Military Court to investigate any counter-claim alleged by any defendant. And it shall be competent for every such Military Court to allow the interest for money agreed on between the parties, provided the same does not exceed the usage of the country. And every contract upon which a demand for debt exceeding 20 Rupees is founded, not being money due for goods bought and delivered, shall be in writing and expressed, in the language of the defendant and signed by him or on his behalf by some other person than the plaintiff. Provided that it shall not be competent to any Court of Requests to admit any suit for a debt which has accrued upwards of six years.

X. And it is hereby enacted, that on failure of either of the parties to a suit to attend either personally or by representative, or to produce his witnesses according as he shall be required by any Military Court of Requests, such Court on being satisfied that the party has been duly apprized of what is required of him, may proceed to the termination of the suit in his absence. And if the decree in any such case shall be against the plaintiff, it shall not be competent for him to commence a new suit for the same cause of action.

XI. And it is hereby enacted, that it shall be lawful for the Commanding Officer to whom the proceedings have been transmitted as aforesaid to return the same for revision either by the same or another Military Court of Requests. And in every such case the second decree shall be final, unless for error in points of law, when the same shall be transmitted to the Commander in Chief, who shall have power to annul the proceedings without prejudice to any future suit. Provided always that in the case of any new trial the Court may receive evidence which was not adduced at the first trial.

XII. And it is hereby enacted, that every plaintiff shall prefer his claim in writing and shall deliver the same to the Station Staff-Officer. The claims shall be entered in a Schedule by the Station Staff-Officer, which Schedule is to be sent to Adjutants of Corps or Heads of Departments two days before the assembly of the Court, and the Adjutants or Heads of Departments shall be responsible that the defendants belonging to their respective Corps or Establishments have been duly summoned.

XIII. And it is hereby enacted, that every decree of any Military Court of Requests shall be published in the Station Orders before the same is executed.

XIV. And it is hereby enacted, that the execution of decrees of Military Courts of Requests may be either general or special, according to the sentence of the Court. Provided always that the Commanding Officer may, notwithstanding the direction of the Court, order that the execution shall be general or special at his discretion.

XV. And it is hereby enacted, that in cases in which the execution is to be general, the debt if not paid forthwith, shall, under the authority of the Commanding Officer, in writing to be signed by him, be levied by seizure and public sale of such of the Debtor's Goods as may be found within the limits of the Station or Cantonment, and if sufficient Goods are not to be found the debtor, if not a Soldier, shall be arrested and imprisoned in any Civil Gaol near to the Station or Cantonment, or in any other convenient place of confinement situate within the limits of the Station or Cantonment, for the space of two months, unless the debt be sooner paid, and his Goods, if found within the limits of the Station or Cantonments at any subsequent time shall be liable to be seized and sold in satisfaction of the debt, and if the debtor be a Soldier and the debt be not liquidated by sale of his Effects, Accoutrements and Necessaries excepted, an order may be issued for payment of the residue by monthly deduction from the pay issued to the debtor under the Rules which follow.

XVI. And it is hereby enacted, that where the execution is to be special, the debt shall be satisfied out of the pay and allowances of the debtor and not otherwise. And a certificate of the decree and direction or order thereon certified under the hand of the Commanding Officer and signed by him shall be a sufficient authority for making such stoppages. Provided always that no more than one half of the pay and allowances of any Commissioned Officer or than one fourth of the pay and allowances of any non-Commissioned Officer or Soldier shall be stopped in any one month.

XVII. And it is hereby enacted, that in places beyond the Frontier of the Territories of the East India Company actions of debt and other personal actions may be brought before such Military Courts as aforesaid against persons so amenable as aforesaid for any amount of demand: Provided that such Military Courts beyond the Frontier shall be composed of European Officers—and provided, that if the sum recovered shall exceed 200 Rupees an appeal shall lie to the Court of Sudder Adawlut of the nearest Presidency according to the rules in force with regard to appeals from subordinate Civil Courts.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 1st day of June next.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Governments, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium,* Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn

deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose so re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 1ST MARCH, 1841.

The following Draft of a proposed Act was read in Council for the first time on the 1st of March, 1841.

ACT No. — OF 1841.

An Act for consolidating and amending the Regulations concerning Military Courts of Request for Native Officers and Soldiers in the Service of the East India Company.

I. It is hereby enacted, that all Regulations and parts of Regulations concerning Military Courts of Request are repealed; provided always that nothing in this Act contained shall be held to alter or affect the jurisdiction of a single Officer duly authorized and appointed under the Rules in force in the Madras and Bombay Presidencies for the trial of small suits in Military Bazaars, at Cantonments and Stations occupied by the troops of those Presidencies respectively, or the trial by Panchayet of suits against Military persons according to the Rules in force under the Madras Presidency.

II. And it is hereby enacted, that within the territories of the East India Company actions of debt and other personal actions against Native Officers, Soldiers and other persons amenable to the Articles of War for the Native Forces in the Military Service of the East India Company, shall be cognizable before a Military Court and not elsewhere, provided the value in question shall not exceed 200 Rupees, and the defendant was a person of the description above mentioned, when the cause of action arose, and when the suit was instituted.

III. And it is hereby enacted, that the Commanding Officer of any Station or Cantonment is authorized to convene such Military Courts. And such Courts shall be composed, according to the orders of the Commander in Chief, or of the Commanding Officer of the Forces of the Presidency within which the Station or Cantonment is situate, or, in the absence of such orders, according to the discretion of the Convening Officer, either of not less than three European Commissioned Officers, or of not less than three Native Commissioned Officers, with an European Officer to superintend and record the proceedings.

IV. And it is hereby enacted, that such Military Courts shall be convened monthly, and shall be holden on some convenient day before the issue of the pay for each month.

V. And it is hereby enacted, that the forms of proceeding in every such Court shall be conformable to the usages observed on trials before Courts Martial held for the Hon'ble Company's Native Troops as far as the same are applicable. And any such Court shall have the like power of summoning witnesses as is possessed by Courts Martial. Provided always that every such Court shall have the power of examining the parties to any suit and of requiring or dispensing with their attendance at its discretion. And that every such Court shall have like power of taking the examinations of absent witnesses as is possessed by the Honorable Company's Civil Courts.

VI. And it is hereby enacted, that witnesses omitting to attend, refusing to give evidence, or committing perjury shall be tried and punished, if amenable to the Articles of War, by a Court Martial, subject to all the Rules contained in the Articles of War for the punishment of such offences in regard to trials for Military offences; and if not amenable to the Articles of War, they shall be tried and punished in the nearest of the Honorable Company's Courts of Criminal Justice in like manner as if such offences had been committed in regard to any trial before such nearest Court.

VII. And it is hereby enacted, that any person, Civil or Military, using menacing words, signs, or gestures, or otherwise interrupting the proceedings of any Military Court of Request shall be punishable with imprisonment according to the summary judgment of such Court, during the time such Court is sitting—and every such offender shall be liable to be further punished by a Court Martial, or by the nearest Company's Court of Criminal jurisdiction, according as the offender is amenable or not to the Articles of War in like manner as if the offence had been committed in the presence of the Court to which it is so referred. Provided that if the Court to which the offence is referred shall be of opinion that the offender has been already sufficiently punished they shall discharge him forthwith.

VIII. And it is hereby enacted, that a record shall be kept of proceedings in every case tried before any Military Court of Request. And such record shall contain as well a particular account of the evidence given as of the nature of such evidence as may have been rejected on the ground of its not being legally admissible, or relevant, or on other grounds, and the same shall be signed by the Members of the said Court. And such record or a copy thereof shall, with as little delay as is practicable, after the conclusion of the proceedings, be transmitted by the European Superintending Officer of every such Court to the Officer Commanding the Station or Cantonment.

IX. And it is hereby enacted, that where a demand shall exceed the amount of 200 Rupees, or where several separate demands or securities shall exceed such amount, no more shall be recoverable than the sum of 200 Rupees only—and the judgment in respect of any demand in a Court of Requests shall be a bar to the recovery of any demand for the same cause of action in any other Court whatever, provided that the liability accrued before the time of instituting the suit in the Military Court—and it shall be competent for every such Military Court to investigate any counter-claim alleged by any defendant. And it shall be competent for every such Military Court to allow the interest for money agreed on between the parties, provided the same does not exceed the usage of the country. And every contract upon which a demand for debt exceeding 20 Rupees is founded, not being money due for goods bought and delivered, shall be in writing and expressed in the language of the defendant and signed by him or on his behalf by some other person than the plaintiff. Provided that it shall not be competent to any Court of Requests to admit any suit for a debt which has accrued upwards of six years.

X. And it is hereby enacted, that on failure of either of the parties to a suit to attend either personally or by representative, or to produce his witnesses according as he shall be required by any Military Court of Requests, such Court on being satisfied that the party has been duly apprized of what is required of him, may proceed to the termination of the suit in his absence. And if the decree in any such case shall be against the plaintiff, it shall not be competent for him to commence a new suit for the same cause of action.

XI. And it is hereby enacted, that it shall be lawful for the Commanding Officer to whom the proceedings have been transmitted as aforesaid to return

the same for revision either by the same or another Military Court of Requests. And in every such case the second decree shall be final unless for error in points of law, when the same shall be transmitted to the Commander in Chief, who shall have power to annul the proceedings without prejudice to any future suit. Provided always that in the case of any new trial the Court may receive evidence which was not adduced at the first trial.

XII. And it is hereby enacted, that every plaintiff shall prefer his claim in writing and shall deliver the same to the Station Staff-Officer. The claims shall be entered in a Schedule by the Station Staff-Officer, which Schedule is to be sent to Adjutants of Corps or Heads of Departments two days before the assembly of the Court, and the Adjutants or Heads of Departments shall be responsible that the defendants belonging to their respective Corps or Establishments have been duly summoned.

XIII. And it is hereby enacted, that every decree of any Military Court of Requests shall be published in the Station Orders before the same is executed.

XIV. And it is hereby enacted, that the execution of decrees of Military Courts of Requests may be either general or special, according to the sentence of the Court. Provided always that the Commanding Officer may, notwithstanding the direction of the Court, order that the execution shall be general or special at his discretion.

XV. And it is hereby enacted, that in cases in which the execution is to be general, the debt if not paid forthwith, shall, under the authority of the Commanding Officer, in writing to be signed by him, be levied by seizure and public sale of such of the Debtor's Goods as may be found within the limits of the Station or Cantonment, and if sufficient Goods are not to be found the debtor, if not a Soldier, shall be arrested and imprisoned in any Civil Gaol near to the Station or Cantonment, or in any other convenient place of confinement situate within the limits of the Station or Cantonment, for the space of two months, unless the debt be sooner paid, and his Goods, if found within the limits of the Station or Cantonments at any subsequent time shall be liable to be seized and sold in satisfaction of the debt, and if the debtor be a Soldier and the debt be not liquidated by sale of his Effects, Accoutrements and Necessaries excepted, an order may be issued for payment of the residue by monthly deduction from the pay issued to the debtor under the Rules which follow.

XVI. And it is hereby enacted, that where the execution is to be special, the debt shall be satisfied out of the pay and allowances of the debtor, and not otherwise. And a certificate of such seizure and execution or order thereon certified under the hand of the Commanding Officer and signed by him shall be a sufficient authority for making such stoppages. Provided always that no more than one half of the pay and allowances of any Commissioned Officer or than one fourth of the pay and allowances of any non-Commissioned Officer or Soldier shall be stopped in any one month.

XVII. And it is hereby enacted, that in places beyond the Frontier of the Territories of the East India Company actions of debt and other personal actions may be brought before such Military Courts as aforesaid against persons so amenable as aforesaid for any amount of demand: Provided that such Military Courts beyond the Frontier shall be composed of European Officers—and provided, that if the sum recovered shall exceed 200 Rupees an appeal shall lie to the Court of Sudder Adawlut of the nearest Presidency according to the rules in force with regard to appeals from subordinate Civil Courts.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be re-considered at the first Meeting of the Legislative Council of India after the 1st day of June next.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

OVERLAND LETTERS AND POSTAGE.

IT is hereby notified for general information—

First.—That all Letters and Newspapers, except Soldiers' and Sailors' Letters, intended for transmission by the Overland Mails, and except those specially marked "via Falmouth," will be sent through France, and thus be subject to the heavier rate of postage.

Second.—Letters and Newspapers addressed to France as well as those to other foreign countries, with which France is the channel of communication (if the latter are expressly directed to be so sent) will be made up in Packets and sent to the French Post Master at Marseilles; but Letters for Foreign Countries, other than France, if not specially directed to France, will be included in the Packets for England. Letters, &c., for places lying between Bombay and Marseilles, will be despatched in separate Packets.

Third.—Letters for the United Kingdom of Great Britain, weighing less than a quarter of an ounce, and passing through France, are charged single postage, which by that route amounts to 2s. 8d. By the Falmouth route, Letters of half an ounce in weight, are subject to single postage only, which by that route, has now been reduced to 1s.

Newspapers, if sent via Falmouth, are free of postage; but if transmitted by the way of Marseilles, they are charged 2d. each.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn

deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

**FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 15TH MARCH, 1841.**

The following Draft of a proposed Act was read in Council for the first time on the 15th of March 1841.

ACT No. — OF 1841.

An Act to enable Her Majesty's Supreme Courts within the Territories of the East India Company to give relief against adverse claims made upon persons having no interest in the subject of such claims.

I. Whereas it often happens that a person sued at Law for the recovery of Money or Goods wherein he has no interest, and which are also claimed of him by some third party, has no means of relieving himself from such adverse claims but by a suit in Equity against the Plaintiff, and such third party usually called a Bill of Interpleader which is attended with expence and delay;

It is hereby enacted, that upon application made by or on the behalf of any Defendant sued in any of Her Majesty's Supreme Courts in any action of Assumpsit, Debt, Detinue, or Trover, such application being made after declaration and before plea by Affidavit or otherwise, showing that such Defendant does not claim any interest in the subject matter of the suit, but that the right thereto is claimed or supposed to belong to some third party who has sued or is expected to sue for the same, and that such Defendant does not in any manner collude with such third party, but is ready to bring into Court or to pay or dispose of the subject matter of the action in such manner as the Court (or any Judge thereof) may order or direct, it shall be lawful for the Court, or any Judge thereof, to make rules and orders calling upon such third party to appear and to state the nature and particulars of his claim; and maintain or relinquish his claim, and upon such rule or order to hear the allegations as well of such third party as of the Plaintiff, and in the meantime to stay the proceedings in such action, and finally to order such third party to make himself Defendant in the same or some other action, or to proceed a trial on one or more fettered issue or issues, and also to direct which of the parties shall be Plaintiff or Defendant on such trial, or with the consent of the Plaintiff and such third party, their Counsel or Attornies to dispose of the merits of their claims, and determine the same in a summary manner, and to make such other rules and orders therein as to costs, and all other matters as may appear to be just and reasonable.

II. And it is hereby enacted, that the judgment in any such action or issue as may be directed by the Court or Judge, and the decision of the Court or Judge in a summary manner, shall be final and conclusive against the parties and all persons claiming by, from, or under them.

III. And it is hereby enacted, that if such third party shall not appear upon such rule or order to maintain or relinquish his claim, being duly served therewith, or shall neglect or refuse to comply with any rule or order to be made after appearance, it shall be lawful for the Court or Judge to declare such third party, and all persons claiming by, from, or under him to be for ever barred from prosecuting his claim against the original Defendant, his Executors or Administrators; saving nevertheless the right or claim of such third party against the Plaintiff; and thereupon to make such order between such Defendant and the Plaintiff, as to costs or other matters, as may appear just and reasonable.

IV. And it is hereby provided, that every order to be made in pursuance of this Act by a single Judge not sitting in open Court, shall be liable to be

rescinded or altered by the Court in like manner as other orders made by a single Judge.

V. And it is hereby enacted, that if upon application to a Judge, in the first instance or in any later stage of the proceedings, he shall think the matter more fit for the decision of the Court, it shall be lawful for him to refer the matter to the Court, and thereupon the Court shall and may hear and dispose of the same in the same manner as if the proceeding had generally commenced by the Rule of Court instead of the order of a Judge.

VI. And whereas difficulties sometimes arise in the execution of process against Goods and Chattels issued by or under the authority of the said Courts, by reason of claims made to such Goods and Chattels by Assignees of Bankrupts and other persons not being the parties against whom such process has issued, whereby Sheriffs and other Officers are exposed to the hazard and expence of actions; and it is reasonable to afford relief and protection in such cases as such Sheriffs and other Officers, it is therefore hereby further enacted, that when any such claim shall be made to any Goods or Chattels taken or intended to be taken in the execution under any such process or to the proceeds or value thereof, it shall and may be lawful to and for the Court from which such process issued upon application of such Sheriff or other Officers made before or after the return of such process, and as well before as after any action brought against such Sheriff or other Officer, to call before them by Rule of Court as well the party issuing such process as the party making such claim, and thereupon to exercise for the adjustment of such claims and the relief and protection of the Sheriff or other Officer, all or any of the powers and authorities hereinbefore contained, and make rules and decisions as shall appear to be just, according to the circumstances of the case, and the costs of all such proceedings shall be in the discretion of the Court.

VII. And it is hereby enacted, that all Rules, Orders, Matters and Decisions to be made and done in pursuance of this Act except only the Affidavits to be filed, may together with the declaration in the cause if any, be entered of record with a note in the margin, expressing the true date of such entry, to the end that the same may be evidence in future times if required, and to secure and enforce the payment of costs directed by any such Rule or Order, and every such Rule or Order so entered shall have the force and effect of a judgment except only as to becoming a charge on any Lands, Tenements or Hereditaments; and in case any costs shall not be paid within fifteen days after notice of the taxation and amount thereof given to the party ordered to pay the same, his Agent or Attorney, execution may issue for the same by Fieri Facias, or Capias ad satisfaciendum, adapted to the case, together with the costs of such entry, and of the execution if by Fieri Facias, and such Writ or Writs may bear Teste on the day of issuing the same, whether in term or vacation, and the Sheriff or other Officer executing any such Writ shall be entitled to the same fees, and no more as upon any similar Writ grounded upon a judgment of the Court.

Ordered, that the Draft now read be published for general information.

Ordered, that the said Draft be reconsidered at the first Meeting of the Legislative Council of India after the 15th day of June next.
